

B2B contact lists, researched on-demand

The big databases index enterprises. Coldlytics finds the small businesses they miss — search millions of companies, reveal verified decision-makers, and when the data runs out, our human research team builds you more within 24 hours.

9 in 10

contacts are owners or decision-makers

24 hrs

from brief to verified contacts

30 days

exclusivity on researched leads

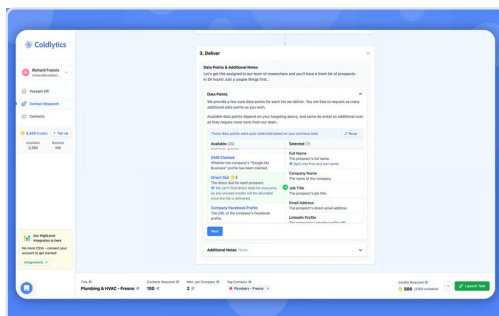

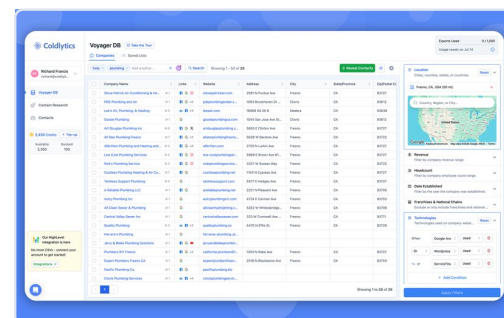

100%

primary research, never purchased

VOYAGER DB

The small-business database that never runs dry

- Search millions of small businesses in plain English: “**plumbers in Idaho doing over \$5M**”
- Filters the big databases don't carry: Google reviews & claim status, advertiser pixels, page speed, franchise status
- Every email ZeroBounce-verified at reveal — you only pay if it's valid
- 50,000+ new businesses added every month

CONTACT RESEARCH

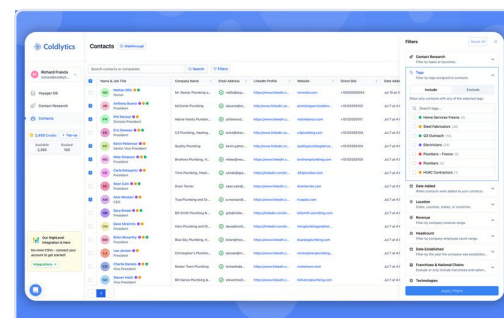

Prospect lists hand-built by human researchers

- Brief our team like a teammate — hand-sourced, verified lists in your dashboard within 24 hours
- Researched contacts are exclusively yours for 30 days
- Only pay for delivered, verified contacts; bounces credited back, guaranteed
- Enrichment too: send us your own company list and we'll find the decision-makers

CHROME EXTENSION

Prospect any business as you browse

- Land on any business website and the side panel shows owners, verified emails, direct dials and firmographics
- Not in the database? One click queues it for the research team
- Reveals land in your contacts dashboard — export to CSV or push to your CRM
- Free to install, works on every plan

“ When it comes to prospecting & cold outreach, data quality is everything. I've looked at all the alternatives and Coldlytics is the best by far, as they put a human researcher on the backend of their lists.
